

## Introduction

Welcome to my farm. My name is Jonathan, and I am a Fairy Farmer. I cannot wait for this magical opportunity to show you around. There are so many animals to see. Since you're a human believer, I know that they will warm up to you right away. Not only do we have numerous animals on my farm, but we also have acres of fields and gardens to care for. Thankfully, I do not work here alone, and fairy magic comes in handy for some tasks. I won't tell you all the secrets of the farm here. I'll let you read the book and experience them through the story and illustrations.
