In *Magical Fairy Farm Life with Jonathan the Fairy Farmer*, Jonathan takes the time to tell his readers, believers in fairy magic about his work around a farm that is filled with animals who needed a place to live. The story also talks about how the animals and the fairies help each other with their barter system.

From the first page to the last, the words and illustrations in *Magical Fairy Farm Life with Jonathan the Fairy Farmer* will have you hooked. The text from the book jacket reads: It is early one morning when Jonathan, a Fairy Farmer shows a human believer in fairies around the special magical farm where he works and lives. He and the other fairies that work there are responsible for caring for all the animals. They don't need an alarm clock because the rooster wakes them up. A Water Fairy and a bit of fairy dust ensure that the animals get watered. Some fairies use tractors and other farm machinery in the fields to make hay. The fairy farm also has a huge garden. Join Jonathan, The Fairy Farmer on his morning walk around the farm so that you can meet the animals and learn about the farm's operations.
